PROFILE

2 years of experience in website and software development. Lead, assisted, debugging and testing of website and software projects. Collaborated with great team members on project related activities. Gained hands-on experience in C++, Java, Javascript, HTML, CSS, SQL and always looking to improve my programming skills each day.

WORK EXPERIENCE

Sales Associate at Thunder Match Technology, Kuala Lumpur

August 2020 -October 2022

- Assisted customers in selecting and purchasing products, based on their individual needs and preferences.
- Provided technological advice on the features and specifications of various products, ensuring customers made informed decisions.
- Conducted product demonstrations to showcase the functionality, advantages and disadvantages of different products, contributing to increased sales and customers satisfaction.
- Participated in regular training sessions to stay informed about new products and technologies in the ever-evolving IT industry.

Sales Associate at Pets Wonderland, Kuala Lumpur

December 2020-March 2021

- Helped customers to locate items and suggested suitable options for customers.
- Provided friendly service and assistance to customers to gain loyalty, satisfaction and sales.
- Maintained a clean and organized sales floor, ensuring a welcoming environment for customers and the well-being of the animals.
- Collaborated with team members from different outlets to organize and execute promotional events, contributing to increased sales and customer engagement.
